<u>CIRCULAR</u>

Sub : Ban of Mobile Phones inside RGCET Campus – Reg.

****

It has been observed that the students are frequently using their mobile phone even during class hours and a heavy mobile phone usage especially in playing battle games is observed outside the class hours within the college campus. The specific purpose of allowing mobile is to ensure that the students can undertake online learning which will be useful for enhancing their academic knowledge and placement examination practice. From the observation by the department faculty members and other staff members, the students are misusing the permission, which was given for the purpose of communicating to their parents of their whereabout to ensure students safety and e-learning purpose only. In view of the above, it has been decided to ban the use of mobiles from the forenoon of 9 May 2022 onwards. All the students are advised to refrain from carrying their mobiles to the College. However, students (especially girl students) who would like to carry their mobile for the purpose of contacting their parents during break times or after college hours will be permitted to carry a basic phone with a minimal storage (preferably 4 MB to 16 MB) which is just enough for saving phone number and contacts without camera and internet facilities. Any violation will attract punitive action as recommended by the Institute Disciplinary Action Committee.
