Provide the subject study materials by the completion of the units on the time

All block should work even if current if off

Generator is present but not working properly and Sports activities should be scheduled for all students,, staff room must be in AC air conditioned

1) We Kindly requesting to leave us at 4 o clock for everyone especially those who were parking"bike in college " sir ...Its not comfortable for us sir...So please kindly requesting to leave us at 4 0 clock itself sir ...

2) We kindly requesting not to force that everyone should must pay money for sports day

3) The fans are not working properly sir ...So kindly requesting to change the fans in the classes sir !!

During rainy season,couldn't enter the block due to rainwater

-

Need more cleaning maintenance

More lab period

All are good 👍

Improve the water facility

Good working fan and light

Good infrastructure

provide more placements.

CONDUCT INTERCOLLEGE ACTIVITIES ON OUR CAMPUS TO IMPROVE OUR STUDENTS ABILITY

Extra air facilities

Need more practical session than theoretical sessions

The institution's academic performance is too good

Apart from Academic studies make some general knowledge classes about the next path of life

Providing good academic

Overall good institution

Its very good

IT'S Good

Need to improve much in academic as well as sports .

It's good and need to be improved better

Need a playground and clear the rainwater immediately in the rainy days

Give notes before teaching that then it will be effective while studying

nil

Improve more physical activity and also Canteen foods that's all

Its done

Kindly please improve oncampase placements for students

I'm satisfied

Make the environment good!!...

Provide more guidance and improve teaching effective

Provide some extra curricular activities

Students didn't get proper information at time and there a cours like IBM, Student are not properly aware of it and also the teacher who came there to teach us is really poor in teaching us, Students are not gained any knowledge about the cours, and students have some past sem and current sem subject that yet we don't understand and also how it applied to BIO MEDICAL ENNG and at last students complain about the damaged bench but still the benches are not replaced without comfortable we can't concentrate on study

Can improve the class teachings and should provide a proper ambience to study peacefully. Should provide a proper subject managing notes

Need to improve culture and sports activities

best college

Provide more sports day and cultural day

Kindly Provide study materials on time

Canteen

Good teaching and give best & real example for problems

Please add sports period in the schedule

The academic performance and ambience of the institution was highly satisfactory

Academic performance is good but lab performance must to be improved

Please be gentle with students . And clean toilets every evening.

Nothing changes when I say it

PT period needed

Providing internship to teh students from the 3rd semester and make them to start their profession journey by doing projects etc.

Feels good

Best College

Conduct any events per year and sports etc...

Pongal celebration , cultures, spots day

Please Enhance the Buildings and classrooms , and the ambiance

Nanga sonalum seiyamatingaa aprm yen

Good!

Provide placement and cleanness

The ambiance of the campus can be improved and the campus should be maintained properly during rainy season

—

Give space to study the subject  
Clearly explain the subject

No comment

Ntg

We want more ambiance and more cultural programmes and more other activities

Need to improve in placements and cafeteria and in sports

Mens Restroom's are not properly maintained..

During rainy season it's uncomfortable with those stagnant water and mosquitoes ,study spaces should be allotted during sem exam , information about all academic events and non academic events should be placed on notice board so every student get to know.

The institution 's academic performance is well and good

Nice atmosphere for studies

Class room are always hot , floor is not good and benches also

Very good

.

It's a pleasant time as a student here.

Good👍

There's nothing to suggest

The ambience during my time there was not satisfactory. Academically, the focus was primarily on theoretical explanations, with little emphasis on practical knowledge, making it challenging for me to advance in my career.

It would be good to enhance practical sessions alongside theoretical classes to give students more hands-on experience. Upgrading lab facilities with modern equipment and incorporating workshops or industry-led sessions can further improve learning outcomes.

Should improve more cultural program and activities

Hire more faculty members and need improvements in assisting student queries.

Nothing

Kindly please develop well infrastructure of our college.

- 1) Ensure the curriculum is up-to-date and aligned with current industry standards and global trends.
- 2) Encourage a balance between academics and extracurricular activities to support holistic development.
- 3) Regularly evaluate and enhance the qualifications and teaching methods of faculty members.
- 4) Create a robust system to gather and act on feedback from students regarding the ambiance and facilities.
- 5) Enhance transparency and fairness in the assessment and grading process.

Please provide placement with the field of engineering

Adequate knowledge was provided by the institution

Best one in pondicherry.

Null

.

--

Please provider Campus placement more and give opportunity in IT firm technology bu bringing back IT company don't bring non IT company, and Provide various placement opportunities because As our alumni Of 2023 Many of my batch mates not placed at all only few of them got place except everyone has search by their own And Went to job

Need to improve subjects bssed on industry needs

Comparing to other colleges This academy gave important to sports

Give More practical knowledge

Extremely good

Provide internships to the student and teach the subject in a practical way and introduce the advanced technologies like data science group like that...etc

It would be helpful for the upcoming academic students if the institution bring up many top tier MNC's.

Overall Satisfied Institution

Need additional support and to extend our knowledge

The institution took into consideration of just taking classes to students rather than educating them with varied resources and opportunities. To begin with the limited library timings(only lunch break), only one active club, poor laboratories. Though the faculty are upto the standard and skilled limited resources makes them under valued. The institution should take consideration in rebuilding the laboratories and other facilities rather than just having a fully scheduled classes

Campus interview

Good environment

It's going well. Keep students know all thinks update.

Importance for practical knowledge must be given more than theories. Providing knowledge about the MNC' s and work expectation must be thought from 1st year itself . Providing students with faculty how has more practical knowledge in programming will be better.

Nothing

Good college

Need to improve the Placement and training.

Knowledge gaining campus

Teachers are very good,But there's nothing Practical session for placement and irrelevant job fairs conducted because of 100% placement,Its totally waste of time for students for eg.. Field work companies are come along with interviews what benefits is this ?

No Comments

good

More internships can be welcomed and apart from that nothing much needed

Good Experience

Experience Staffs Will Be Fine in the College

Nothing, I have rated everything in scaling.

Please provide more placement opportunities and train the students

Please provide internship opportunities in the final year. And let students know about the privilege of using college email id to access platforms like Matlab and GitHub affordably.

Lab facilities should be improved.

No comments all are good

I'm doing good in my career now because of these expertise during in my college days.

Need to have more career opportunities to the stream of BME specifically

Nice

Courses and Ambiance are good but Give or share some input or knowledge transfer on current technology for their respective streams, which is going on the industry field.

Studying and clearing the exams is not a problem(Anyone can read the subjects), while entering or choosing the life carrer will be Tough and Arrange or give Good Company placement activity for the students not in Local Companies.

These are the improvement point from My Side, kindly note it.

Good academy for future

Goid

None

It was my pleasure to be in our college. I hope everyone whoever joins in the future gets the same blessings as mine.

N

I'm grateful to have studied in this reputed institution.

-nil-

Na

Nothing changes when I say it

Can improve the infrastructure

Since I have an IT background, initiating classes on placement-related topics, such as updating programming languages and learning about current IT trends, would be highly beneficial for students. Additionally, organizing open talk sessions with current and former students can provide valuable insights, helping them set clear career paths and overcome challenges effectively.

Can be Better is more labs and upatodate equipments.

!!!

---

Please improve the placement for students and job opportunities

To improve placement opportunities

Yes, its good college and help my studies in profers
